REPORT OF SCHOOL BOARD.

In presenting this, the thirteenth annual report under the town system, we think we are able to report very fair success in all our schools.

Nineteen different teachers have been employed and each part of the district has had twenty-seven weeks of school, except No. 10, which had no winter term. Experienced and competent teachers have been secured with scarcely an exception; hence we think there has been no serious fault so far as teachers are concerned.

While we gladly commend the creditable work of teachers and pupils in all our schools; the progress made, the thoroughness shown, and the excellent deportment maintained in No. 4, No. 8, and No. 9 are worthy of special mention. These results are largely due to the thorough experience of the teachers and the hearty co-operation of the parents in these districts.

The principle that every pupil is accountable for any damage he may do to school property, has our full support; and in cases coming to our knowledge has been enforced and the guilty ones required to settle for the damage.

Great care has been taken in the selection of text books. We have introduced Barnes' Geographies; Meserve's Book-keeping; Peterman's Civil Government; Spencerian Vertical Penmanship and plain Pencil Drawing, with excellent results.

The immense progress of our times seems to make necessary the introduction of some studies not found in the schools of our fathers, and we believe if all our pupils were disposed to be scholarly they could all secure valuable education.

Pupils not absent or tardy during the year: Mary E. Uline, Alice A. King, Perry E. Goodell, Alice M. Hobart, Jesse E. Woodward, Ethel M. Pushee, Alice Chesley. Not absent for two years: Johnnie S. Rich, Edith M. Bixby, Alice W. Straw. Not absent for three years, Rosie B. King.

Not absent for two terms, 16; not absent for one term, 43.

Whole number of pupils registered, 232.

Number of visits by parents, 157.
